when they tried to pull it out of the fire after Richmond had it locked up and stored away. As the result of a few lively biffs and an error, two runs were forced across the plate; but that was all that McKevitt's bunch could do, as the Coits retired them before the score could be tied.

Cassidy, who was pitching for Richmond, allowed eleven hits, but Mike kept them well scattered. Cassidy was wild at times, but was most effective when men were on bases. Cominger who worked for Danville, was landed or hard at times when the hits meant scores. The locals were off in fielding and this affected the score considerably, as but one carned run was made by Richmond.

by Richmond.

The locals made two, both of which were home runs. In the third inning with two men down McKevitt sent the ball over left-field fence. There was nobody on bases, however. In the eighth Henn duplicated the manager's is stunt, sending one over the same fence. Nobody was on the bags this time either, however, and the two lively hits only counted for a run each.

Past Work in Field.

Fast Work in Field.

McKevitt batted 1,000 per cent. He was up four times, secured a sacrifice, a single, a two-bagger and a home run. Richmond's inhield work wan fast and furious. O'Neil, Reeve and Shaffer played good games, Kirk-patrick did not have a chance. O'Neil especially made one or two brilliant stops and always got his man. Danville's infield also played brilliant ball, Hicks figuring especially in some fast work. He also landed for his usual bir.

WALTHAM WATCHES

The best watches are made by Americans at American wages, with American tools. To prove it, we are prepared to offer fifty WALTHAM WATCHES to be run against fifty watches of any foreign make, in a competitive test of timekeeping—the one hundred watches to be placed for this purpose in the hands of some competent and disinterested authority and the whole number to become the property of the winner.

REDS DEFEAT CUBS; COMPANY 1 WINS COVENANTER MEET

ST. LOUIS BEATS PITTSBURG COOPER IS BEST ATHLETE

Handsome Silver Trophy for the Winning Team-Ribbons for , Individual Winners.

Yestorday closed the Second Annual Covenanter Track Meet, and the records are indeed spiendid, and show that Richmond has some top-notch buy athietes.

Dicertor Phillips adopted plan of omitting all long dashes and runs and weight test, such as the shotput and hammer throw, and allowed only those in which skill and young muscles would have no danger of being overtaxed. The plan worked very successfully, and even where one athlete entered all the events there was little chance of overexertion and strain. Three stop watches were used, and all records were accurate. As nearly as possible the meet has been conducted on A. A. U. principles, though not sanctioned by that body.

The cup, a handsome silver one, was awarded Company 1, having made a total of 54 points; Company 16 second, with 31 points; Company 2 third, with 25 points, and Company 1 fourth, with 10 points. Granger Ancarrow, of Company 1, was the all-round athlete for the small class, winning 14 points. F. C. Cooper, was the all-round athlete for the large class, with 22 points. The cup and ribbon were awarded by Dr. A. L. Phillips. This closes the first year of the Covenanter physical department, which has been a marked success in every line. Work begins next fall about September 5th, under the new physical directors, where he expects to take a two-years' course for a degree. Mr. Bowen is already talking football for next fall, and the work looks bright for the future. Following is a list of officials: Timers—Messrs. Over 5,800 people passed the turnstiles and entered the gates of idlewood Park last night. It was a jolly crowd, good-natured and out for fun, and they had a good time—every one of them. It was a crowd of people who had been kept indoors for eight months, during which there had been very brief spells of real good weather, and consequently many came out for a good time, and had it.

Among the free attractions, the Zarrow trio and the McConneil sisters were the leaders in their select vaude-ville acts. The two charming sisters easily proved themselves leaders in singing and graceful and lithe dancing. Then, too, they are pretty, and, as they wore fetching costumes and were above the average, their act more than pleased.
